Dr David Moore

BSc MBBSFRANZCOG MRMed

Obstetrician, Gynaecologist & Fertility Specialist

Dr David Moore is an Obstetrician, Gynaecologist and Fertility Specialist in private practice in Brisbane. David is a Director of Queensland Fertility Group, with consulting rooms in South Bank and Spring Hill. He operates predominantly at the [Mater Mothers Private Hospital](#), South Brisbane.

As a specialist in Fertility, Gynaecology and Obstetrics, David is proud to be able to offer a comprehensive service from preconception through to pregnancy, childbirth and beyond.

David's practice philosophy is to provide his patients with **quality, evidence-based, and complete pregnancy care, availability**. David is one of a small group of like-minded obstetricians at Eve Health, who share the common practice **woman with her chosen obstetrician is of utmost importance during her pregnancy**.

David strives to maintain open communication with his patients, and to be available when needed during your antenatal and postpartum period; but also during unexpected or unscheduled visits, and for advice at any time. On the infrequent occasions his patients, he is proud to be covered by trusted colleagues from within the Eve Health group of obstetricians. Details through the **Mater Mothers Pregnancy Assessment and Observation Unit** on **07 3163 7000 (24 hours)**.

Why this model of obstetric care?

David feels that this is simply the best model of care that he can offer his patients, striking a responsible balance between arrangements for unexpected situations and to avoid fatigue-related complications.

Why the Mater Mothers Private Hospital?

A mum-to-be in Brisbane certainly has the luxury of choice when it comes to well-appointed and comfortable private maternity. [Mater Mothers Private Hospital](#) is the largest private maternity and newborn facility in Queensland, and offers a family-friendly environment complete with en-suites, a day bed for your partner to stay overnight, and personal baby bathing facilities. Take a tour [here!](#)

More importantly, the Mater has a world-class Critical Care Unit for newborn babies, and world-class anaesthetic expertise in Brisbane where these services are available **onsite, 24 hours a day, 365 days a year**.

In most cases, pregnancy and childbirth are low-risk and progress without undue complications. However, as wonderful as they can be, they can also be unpredictable; investigations into adverse clinical incidents frequently suggest it is when a low-risk pregnancy may become quite dangerous. It is in these, often time-critical situations, that the onsite availability of world-class expertise is chosen to align himself with the Mater Mothers Private Hospital, because he believes **24-hour, immediate access to obstetric support** is an invaluable safety net, the importance of which cannot be overstated *there is no situation where a mother is transferred to another facility*.

David sees his involvement in your care as both an honour and a privilege, and strives to ensure that your experience of childbirth ought to be. He is enthusiastic about his work, and strives to build successful and lasting relationships through communication, understanding, honesty and trust; providing expert opinion, and respecting patients personal choices and outcomes.
