Gynaecology

Women's Health often involves discussion of sensitive and highly personal issues, and it is not unusual to feel a little nervous during conversations and examinations. Dr David Moore recognises that he is privileged to be involved in the special area of gynaecology, and with professionalism, and respect, David strives to help women under his care to feel as comfortable and relaxed as possible. He is committed to honest discussion, and is committed to having you feel listened to, and fully informed and understanding of all issues addressed.

David is trained in all areas of gynaecology, and is committed to the provision of quality care and treatment for those under his care. As a *Colposcopist*, trained in the management of abnormal Pap smears, David is skilled in minimally-invasive surgical techniques, including, when necessary, laparoscopic ("keyhole") hysterectomy.

David's rooms at Eve Healthcare situated in [South Bank](#), the heart of Brisbane's cultural precinct.

Dr David Moore's gynaecology services include management of:

- Pap smear abnormalities (colposcopy)
- Pelvic organ prolapse
- Urinary incontinence
- Menstrual problems (heavy or irregular periods)
- Polycystic ovarian syndrome (PCOS)
- Ovarian cysts
- Postmenopausal bleeding
- Hysterectomy
- Fibroids
- Family planning and contraception

See [For Patients](#) for other useful information.
